### 2. Questions pre-chosen by the membership 24 mins

#### a. **Question 1 (2 mins for each candidate)**

The Climate Crisis is a real issue globally and locally as extreme weather events become the norm. What tools and strategies would you advocate using to solve the crisis?

- i. David Merner
- ii. Randall Garrison
- iii. Randall Pewarchuk
- iv. Jamie Hammond

#### b. **Question 2 (2 mins for each candidate)**

Over \$45 million in federal and provincial tax dollars has been allocated between 2016 and early 2018 to create high speed access for our region and the coast of BC. To date no progress has been shared with this community, nor is there a clear confirmation that the program will do anything beyond delivering potential access. Without a provider agreeing to connect up end users, local residents will still be without access. How would you work to ensure that this program proceeds in a timely way with real results?

- i. Randall Garrison
- ii. David Merner
- iii. Jamie Hammond
- iv. Randall Pewarchuk

#### c. **Question 3 (2 mins for each candidate)**

Chinook fishing restrictions and closures were imposed this year to protect fish stocks and local orca populations. What regional and national solutions would you work towards to address this issue?

- i. Randall Pewarchuk
- ii. Jamie Hammond
- iii. David Merner
- iv. Randall Garrison
